Our Journey so far

This year a steering committee was formed to progress the planning and development for the new Catholic primary school to be built at Springfield Lakes. Since January, the steering committee has spent considerable time on establishing a shared vision for the new school, its religious identity, and values. This resulted in the development of the name, logo and motto for the school.

Good Shepherd Catholic Primary School’s vision, as expressed through the logo and motto, is one for a school community where each member is welcomed, included, cared for, supported and nourished in the love of God.

Uniform

The basic uniform design, style and colours have now been completed, and this will be on display early next year.

Fees

Fees and Levies have been set in readiness for 2013. These fees have been set in consideration of our neighbouring Catholic school, St Augustine’s College, and new families moving into the area.

Education Brief

The Education Brief for Good Shepherd Catholic Primary School is an approach to learning that is contemporary and engaging of our 21st century learners.

Principal

Ms Judith Seery has now been appointed as foundation principal of Good Shepherd Catholic Primary School, and will begin working from our temporary office site in Springfield Lakes in April next year.

Please continue to connect with our website and/or email pspringfieldlakes@bne.catholic.edu.au for any further information or assistance.
